Press Release on Team Nelson County

Team Nelson County and first Meet Pete event

The campaign for Peter Trzop for County Judge Executive is announcing the Team Nelson County initiative. After getting an amazing level of feedback from the radio show and articles, many residents were supportive on the concept and requested more information on the movement. Pete related, "Teamwork is not a new idea for the good people of Nelson County, just one needing to be implemented with our County government. This does not mean doing business as usual, but making government work for all the people of the county." Team Nelson allows for residents to voice their ideas and concerns on the issues that matter directly to them. Pete stated, "Instead of government telling people what to do or what they should do, the movement allows for people to chose an issue or issues important to them, and what they can do to improve it." When going to the website, [www.petertrzop.com](http://www.petertrzop.com), check out the Team Nelson tab. In this tab, people have a choice to be an active member or advisor of a committee, an area manager for coordinating events for Pete, or be a growing part of the Wink for Pete campaign. "If you want more of the same, vote the same, but if you want your ideas heard, your government open to all people, then vote different. Team Nelson allows for people to participate in their future on any level they want. " The campaign does ask for participants to be positive, professional and inclusive. If you want to be a part of Team Nelson County, please go to [www.petertrzop.com](http://www.petertrzop.com). The first Team Nelson campaign event will be on January 30<sup>th</sup> from 12 to 6PM at Pete and Chasity Trzop's house on 100 Sandy Hill Court in Woodlawn Springs Subdivision in Bardstown. If you work on a second or third shift, we can adjust the times. Please email at [pete@petertrzop.com](mailto:pete@petertrzop.com) or call 233-4585 to RSVP. See you there!
